STRAIGHTFORWARD

all you need is a computer and an internet connection – we do the rest

Our FUSION methodology helps you shape, create and utilise our services in your business. Working with and alongside you is crucial to the success of your projects, so we're extending our service delivery to more closely and flexibly align our businesses.

Via our virtual consultancy, we can deliver project updates and vital aspects such as ongoing training and management meetings through FUSIONhub.

FUSIONhub enables you to always be in touch and keep up to date wherever you are. All our processes, tools and deliverables are available to you wherever and whenever you need them.

We are excited about the benefits FUSIONhub will deliver:

FLEXIBILITY: Our programmes mean that we can deliver you the expert guidance that you need to get the most from your solution when you need it most. If you need training, demos, workshops, project discovery sessions or management meetings, we can arrange this wherever and whenever you need it.

COLLABORATION: Getting disparate parts of a team together in one place, at one time, can be a challenge. FUSIONhub maintains our exceptional service delivery from the convenience of a central hub, meaning that you don't have to go out of your way to see us.

EFFICIENCY: Transporting everyone to one location, venue hire, subsistence and associated expenses can add up: FUSIONhub utilises your existing infrastructure.

INCLUSION: Other business can often get in the way, resulting in people missing sessions out of necessity. With FUSIONhub everything is recorded so everyone can stay up to date.

AGILITY: Meeting in a virtual environment reduces the administrative burden of booking meetings and venues weeks in advance, meaning that we can be more agile and responsive to your needs.

SIMPLICITY: Taking the stress out of sessions can result in them being more productive. All you need to join us is a computer and the internet. There's no need to leave early, arrive early or even finish early – just login and we can begin!

ENGAGEMENT: With increased flexibility and agility, we can see improved engagement across your project, with our teams able to interact more fluidly via widely-used tools.

TECH: Using established technology solutions such as Skype, Teams, GoToMeeting, Jira, Zoom, Qmetry, Salesforce and Office365, you can engage with us however best suits you.
